

## Health Education Yorkshire and the Humber Clinical Skills and Simulation Team

The four peripatetic Regional Clinical Skills Advisors, hosted by Leeds Beckett University are responsible for implementing the refreshed HEYH clinical skills and simulation strategy *'Work Together, Train Together'* 2014 - 2018.

Stay up to date by following us on Twitter – [www.twitter.com/yhletb](http://www.twitter.com/yhletb)

Each Regional Clinical Skills Advisor has a well-informed and current knowledge of their areas, their stakeholders and equipment and facilities, in addition to their areas of expertise and relevant work streams. Originally working within specific localities, they are now *all* working across the region and have a shared responsibility to help stakeholders meet the clinical skills and simulation quality assurance requirements of Health Education Yorkshire and the Humber <http://www.qaclinicalskills.co.uk/Home.aspx>
